

Welcome to Avon Valley Adventure Park's Facilities and Accessibility Information.

We hope the following information will help you navigate your visit to Avon Valley Adventure Park easily and help you have an enjoyable day out with us.

We understand that everyone has different needs so if you have any further enquiries, please do get in touch if we can help you with any requirements you may have. You can contact us by email at helpdesk@avonvalley.co.uk.

Before you visit

Located between Bristol and Bath, Avon Valley Adventure Park offers an interactive, fun, learning adventure experience for everyone, whatever their age or ability.

If you are using a SatNav to find us, our postcode is BS31 1TP. We recommend keeping your eyes open for the brown directional signage, as we are located at the end of Pixash Lane.

If you wish to visit using public transportation, we recommend using the 38/X39 Bristol-to-Bath service, which stops at Snapdragons Nursery (Ellsbridge House) on the main Bath Road. There is then a short walk from the bus stop to our main Park, located at the end of Pixash Lane.

Please be careful when visiting us, as the local railway bridge is fairly steep and narrow, so whether on foot or in a car, please approach with caution.

The great British weather can be ever-changing, so we recommend bringing clothes suitable for all weathers. For sunny weather, we recommend hats, sunglasses, and suncream. When it has been raining, wellington boots are suggested for grassier areas. We ask that all visitors wishing to use our indoor play barn cover their skin and wear socks; this reduces injuries and helps with hygiene.

As we open for condensed periods of fun over holiday periods, the park can be busy, although we do limit visitor numbers. Our indoor play barn can also be busier on wet weather days.

Our website is updated regularly, and all pre-arrival emails will include the latest information at the time of publishing. Please read all communications and get in touch prior to your visit via helpdesk@avonvalley.co.uk with any questions.

When you arrive

Parking

We have allocated disabled parking near our front entrance. We ask that you only park in these areas if you have a blue badge.

There is plenty of parking for all our other visitors. All of our car parking at Avon Valley Adventure Park is free of charge unless stated (i.e., for special events).

Please be aware that our car park and some areas within the Park are gravelled with stones and may be uneven in places.

The nearest toilets to our car park are inside the Park, so please bear with us on entry as we do need to admit your party correctly before allowing you onto the site.

During your visit

First Aid

The majority of our staff are first-aid trained and are always happy to assist if you have an injury while visiting us. We do ask that any incident is reported to us so we can make a record of it. Please be patient with our staff while they deal with your injury. They will need to fill in an incident report form and take relevant information and details, including photographs. In line with data protection and GDPR, we keep this information secure, and you can request this at any time. The First Aid room is located in the gift shop.

Smoking

As a children's park, and for the health and well-being of our visitors, we are now a completely smoke-free and vape-free site. We ask that you respect this, and if you wish to smoke or vape, you do so in our car park. We offer a free re-entry stamp so we know you have already accessed the park earlier in your visit.

Please remember to dispose of your cigarette end in the sand bucket provided. This helps protect the environment.

Lost and Found

If a lost item is handed to a member of staff, we keep it in our designated 'Lost and Found' area for approximately six weeks. If you have lost an item while visiting Avon Valley Adventure Park, we ask that you give us a description of the item, your name, and your number so we can contact you if the item is found. If you discover you have lost something after your visit, please email helpdesk@avonvalley.co.uk.

Please remember that we cannot be responsible for your items on-site, and anything brought into the Park is at your own risk.

Lost Children

We have over 90 acres of land at Avon Valley Adventure Park, so we suggest that you arrange a meeting point with your child if they lose their adult supervisor.

If your child is lost, inform a member of staff immediately. We have a lost child policy which we will implement immediately. Our staff will all be involved in finding your child, so please bear with us if you visit when a child is lost. We will aim to find your child as soon as possible, and the duty manager will keep the adult reported informed throughout this. As part of our policy, we close our front entrance gate and may ask to check your car. Please assist us by staying patient through this.

Maps

A site map is located near the entrance of Avon Valley Adventure Park. We suggest taking a photograph of this when you enter to help you navigate around the Park with ease. It is also available to download on our [website](#).

If, throughout your day, you need any assistance, just ask a member of staff who will be able to help you.

Cash Points

We do not have a cash machine on-site and are currently a cashless site, accepting card payments only.

Food and Beverage Outlets

The Woodland Kitchen, Coffee Box and Ice Cream/Doughnut Box will be open during your visit. You can find out more information via this [webpage](#).

Dietary Requirements

When the Woodland Kitchen is open, we cater to Gluten-Free, Dairy-Free, Vegetarian, Vegan, and Allergies. Please ask a member of staff if you need assistance with your food choices and please make them aware of any allergies.

Toilets

There is a main toilet block based near the Woodland Kitchen//Play barn/Main entrance. This block has unisex toilets, a disabled toilet (please note that this toilet is not fully accessible), urinals, and baby changing facilities.

Baby Areas

We have baby-changing facilities available in our main toilet block. For hygiene reasons, we ask that you change your baby in these locations provided and dispose of your child's nappy correctly in the bins provided.

Wheelchairs and Pushchairs

While most of our surfaces across the site are flat, some areas of the farm park are gravel, which may be difficult for smaller wheels on some wheelchairs and pushchairs. Our indoor areas are level and ramped for ease.

We recommend bringing your own wheelchair or motorised scooter.

Carer's Policy

We allow one registered carer to accompany a full-ticket-priced disabled person at a discounted rate into the Park. Proof of carer status is required on entry; this can come in the form of a locally-issued carer's emergency card, DLA letter, or carer allowance letter. We prefer a carer's ID (or an emergency carer's card), which you can apply for through your local carer's centre. There are many benefits to this card to assist you in your role as a carer.

Assistance Dogs

Assistance dogs are welcome to enter the park and pet dogs can buy a doggy day pass. Please refer to the following [webpage](#) before visiting with a dog for the safety and enjoyment of all guests.

Photographs and Filming on Site

We allow parents/carers to take personal photographs and videos on-site.

If an organisation or individual wishes to take photographs or videos, they must first get permission from the Duty Manager or media department at Avon Valley Adventure Park prior to filming.

Avon Valley Adventure Park may take photographs or videos of scenes for use on social media, websites or in advertising. We have information boards available on the entrance advising of this and contain information in pre-arrival emails. If you do not wish to be filmed please inform the duty manager on the day of your visit and they will assist.

Attraction Closures

Mechanical rides, the animal barn, and play barn start to close 1 hour prior to park closure.

While we endeavour to ensure all attractions are available throughout your visit, we put the safety of guests and animals first. Should we need to assess the safety of mechanical equipment or should any animal be under veterinary supervision, areas may be closed during your visit. We will advise in advance where we can.

Data Protection

We adhere to the data protection act, where private information is kept on a secure online server. We do not hand over other people's information and do not keep paper forms and information anywhere on-site. We work to GDPR, and you can access our statement on data protection [here](#).

Complaints

If you are unsatisfied with any aspect of your visit, please speak to a member of staff or ask to see a Duty Manager immediately, and we will do our best to resolve any issues or provide additional information.
